

HPN-SIP 2018: Hawaii Pacific Neuroscience Summer Internship

The Summer Research Program at Hawaii Pacific Neuroscience provides students the opportunity to spend 8 weeks working side-by-side with leading neuroscientists and researchers in Hawaii in groundbreaking studies in Alzheimer's disease, Epilepsy, Parkinson's disease, Multiple Sclerosis and other neurodegenerative diseases.

Internships cover a minimum of eight weeks from June 12th, 2019 – August 10th, 2019. Students must be enrolled in an accredited college or university as undergraduate, graduate, or professional status. A small cohort of individuals in their senior year at an approved High School will be considered under "exceptional circumstances".

All prospective students must submit their application via email no later than **26 APR 2019 and will be notified by 18 MAY 2019**.
Send your application to:

Catherine Chao at cmitchell@hawaiineuroscience.com
